„We use the best salmon delicacies to create exclusive gifts for unique people“

Ronald Herculeijns, Co-Founder, Member of the Executive Board

**Surprise your customers, employees and partners with a special gift.**

Our limited edition gift boxes combine the finest salmon delicacies with an elegant design. The result is a unique gift for you - ideal for special occasions such as Christmas and anniversaries.

You can enjoy the rich flavour of our delicacies on their own or in combination with Guerdon Rosé or Brut Champagne or with the award-winning Merlot wines from Gialdi Vini (Ticino).

For the most exclusive gift box, we teamed up with the specialists from World of Whisky. The result is a gift box with Caol Ila Single Malt Whisky and smoked salmon, where even the salmon side is drizzled with whisky and smoked: a heavenly experience for the senses.

Please note:

- Our commitment to customers and the environment also applies to the shipping process. We pack all products with recyclable cooling elements, which guarantees that the cold chain is maintained all the way to you or the gift recipient.
- Due to high demand, the availability of gift boxes is limited. We accept your orders in the order in which they are received.

We look forward to receiving your orders at [orders@swisslachs.ch](mailto:orders@swisslachs.ch)
